Carl, your request is definitely approved as the extra time is justifiable and deemed mission critical.

Derrith

We have a number of upcoming evening public hearings where Air Program staff will be working and traveling outside of their regular work hours.

ND Regional Haze hearing in Bismarck on 5/15 – Gail Fallon will need 1.5 hours of travel and 3 hours of regular comp time.

FMC GHG PSD permit hearing in Rock Springs WY on 5/21 – Dee Rothery and DJ Law will need up to 5 hours of regular comp time.

WY Regional Haze hearing in Cheyenne on 6/24 – Laurel Dygowski and Gail Fallon (or Monica Morales) will need up to 5 hours of regular comp time.

All of these hearings are required under the Clean Air Act as they have been requested by the States or the permittee.

Thanks

Carl Daly
